CABLE MANAGEMENT SYSTEM

VERTICAL CABLE MANAGERS

Olabs Vertical Cable Manager provides a solution for organizing cable on any Standard 19" EIA two-post open rack system.

Our vertical cable manager can help installers to establish vertical and front-to-rear cable pathways for a single rack or between two bayed racks in the most convenient way.

KEY FEATURES :

▸ Curved cable management design to support bend protection

▸ Ideal for organizing in-rack cables while maintaining plenty of air flow

▸ Protecting cables from hidden crushes, kinks and snags

▸ Specially designed footstand for auxiliary support

▸ EIA complaint with black powder coating
